

“Canon has helped to deliver significant cost reductions to our business... As part of the National Disability Insurance Scheme (NDIS), all providers need to be more efficient and achieve cost savings in the delivery of our services. Canon’s assistance has enabled us to tick both boxes, which has had a positive effect on our sustainability under this new funding model.”

FOCUS ON WHAT MATTERS MOST. YOUR RESIDENTS.

The two most important things you need to consider when it comes to acquiring new equipment or software are:

1. How can it help your residents?
2. How can it help your care home?

At Canon, we believe that by helping you address the first concern, we can help you address the second. After all, how effectively you’re able to serve your residents impacts how well and how profitably you can manage your aged care home.

It’s all inter-connected.

Whether it’s our printers, scanners, IT security offering, or document management solutions, we’ll help free you up to offer the best quality of care you can. Let us help you identify ways to make your operations more efficient. At Canon, that’s a responsibility we take to heart, as we know how important your work is.

*No one does it
like you*

Canon

FOCUS ON YOUR RESIDENTS. WE'LL TAKE CARE OF THE OTHER DETAILS.

Create engaging resident experiences

Through our interactive SMART™ Boards, you can create engaging, interactive activities and foster collaborative experiences with your residents.

- **Canon Specialised Imaging**

Store old records securely

Preserving old resident records securely is simple – digitise them. Canon's backscanning services will bring your patient records into the paperless era, making them more accessible.

- **Canon Document Management Solutions**

Your data is precious – so protect it

Only an IT solution specialist can offer you a secure IT management service. With Harbour IT (a Canon Group company), you'll enjoy a range of comprehensive security options.

- **Canon Business Services**

Control your print costs

Manage your printing and document costs more effectively and control your printing expenses.

- **Canon Print Solutions**

Automate your accounting

Invoicing and managing accounts doesn't have to be time consuming. Through Canon, the process can be automated, with document controls and electronic approvals.

- **Canon Workflow Solutions**

Information when you need it

Residents' information should always be at hand. With Canon, you'll have the right data at your fingertips, enabling you to get to the heart of any matter with confidence.

- **Canon Document Management Solutions**

Turn paper into information

Digital information is much easier to work with than paper. Allow Canon to help you transform bulky folders into digital files that can be filed, indexed, and stored easily.

- **Canon Document Capture Solutions**

Protect residents' data

Secure Follow Me Print helps ensure your residents' confidential information remains exactly that – confidential.

- **Canon Print Solutions**

Ensure data integrity

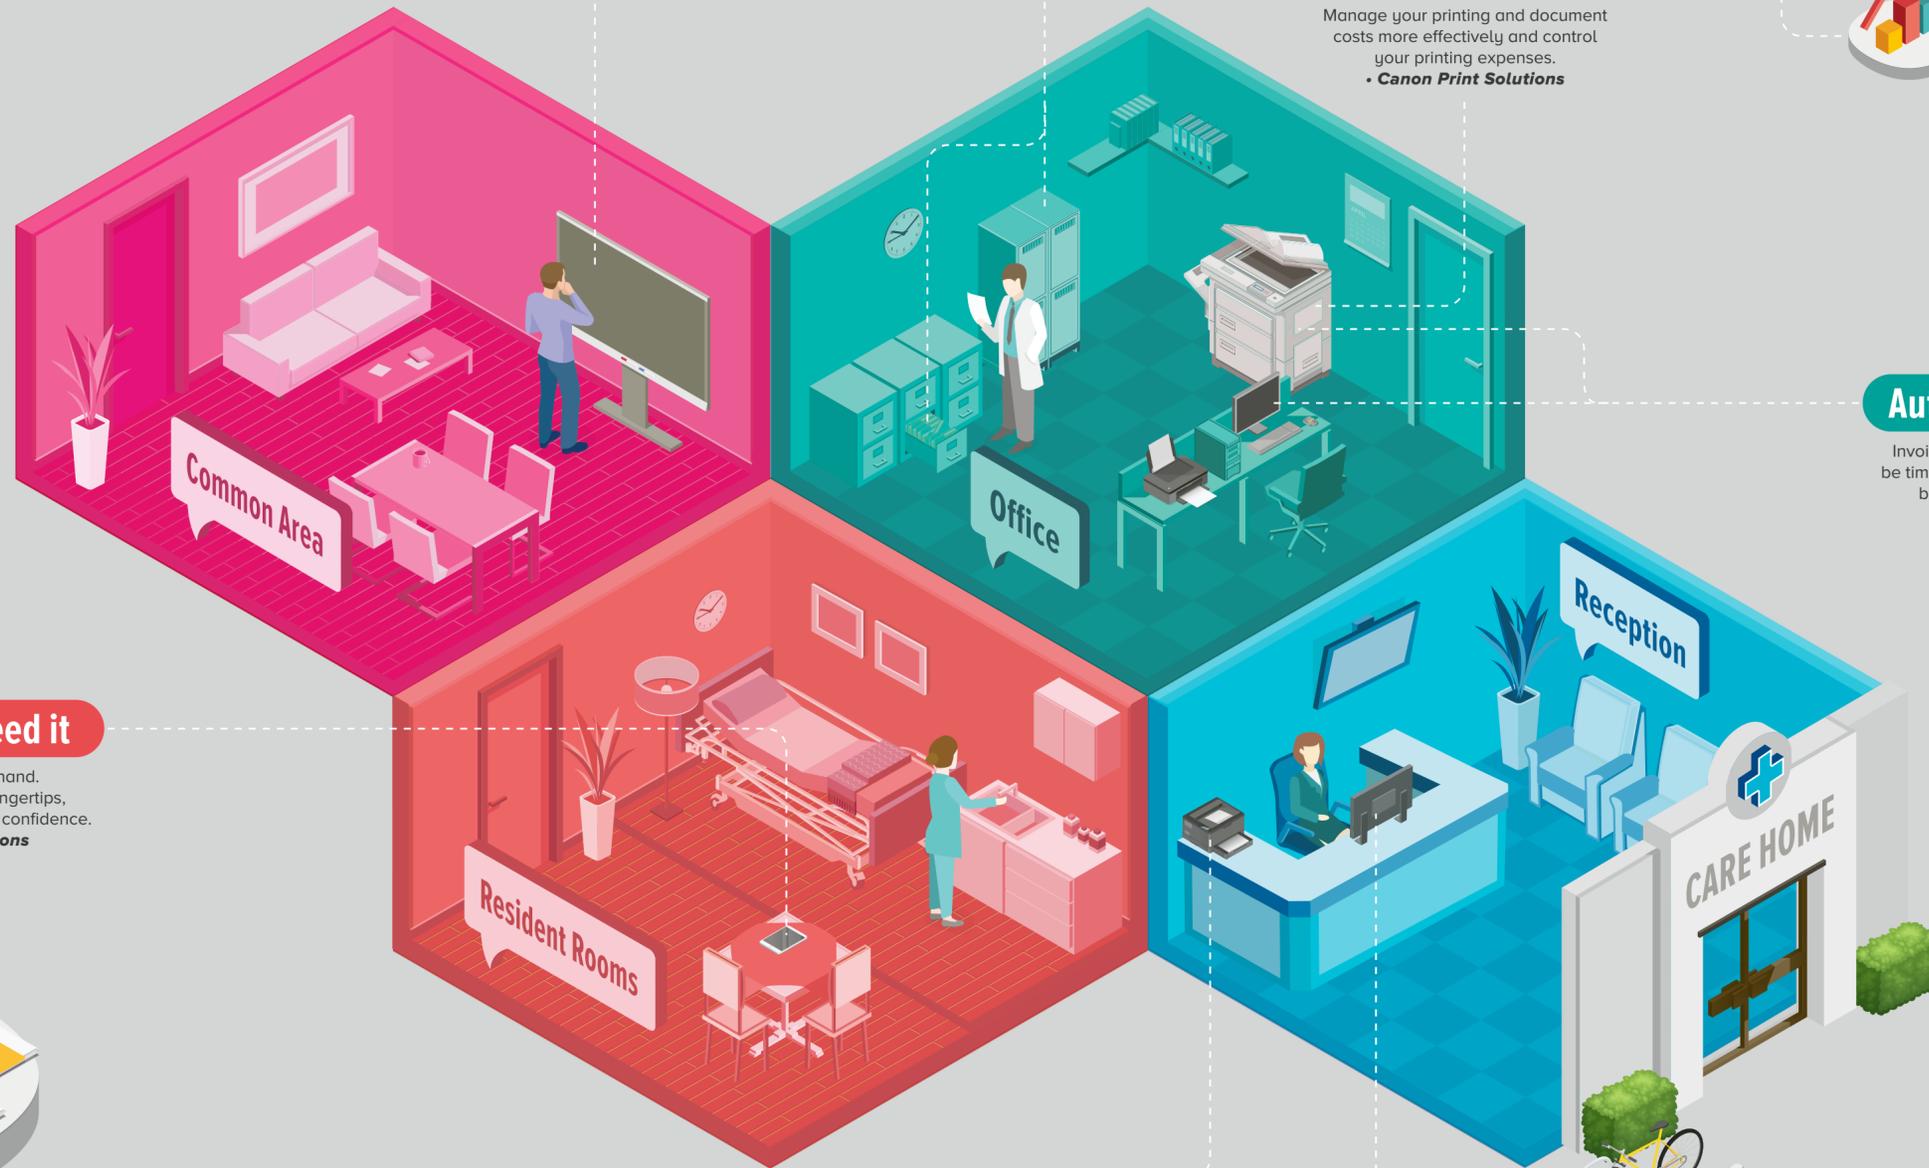

By reducing manual input, Canon can help eliminate human error and reduce costly mistakes when handling data, ensuring your residents' information is secure.

- **Canon Workflow Solutions**

Make admissions easier

Streamline the admissions process – for residents and colleagues. With less paperwork, your workload will be reduced, and there will be fewer concerns about losing important data.

- **Canon Multifunction Devices and Document Scanners**

WHY NOT CONTACT US AT HEALTH@CANON.COM.AU TO DISCUSS HOW WE CAN PUT THESE SOLUTIONS TO WORK FOR YOUR AGED CARE HOME.
